GEMSTONE utilizes the exclusive EasyGlide™ Aluminum Track system for all of our cantilever aluminum gates. This system, featuring a fully enclosed, high performance aluminum track provides smooth gate operation with limited lateral movement.

GEMSTONE Aluminum Fence Systems are backed by a limited lifetime warranty. Let our knowledgeable staff of fence experts help you choose the perfect style for your home or business.

Aluminum Track Gate Systems

- Fully enclosed high performance aluminum track (6061T6)
- To provide for smooth operation gate rides on tracks utilizing a sealed ball bearing system and horizontal wheels in the truck assembly.
- Lower guide system and horizontal wheels in track assembly effectively limit lateral movement
- Single gate openings up to 30' and double track gates available up to 36'. Technical and design assistance can be provided upon request.

HORIZONTAL GEMSTONE
Limited Lifetime Warranty

GEMSTONE warrants the original purchaser of the fencing that the electro-statically applied powder coated finish will not crack, chip, or peel. This warranty does not extend to damage caused by use other than the normal use for which fence is intended, negligence, alternation, accident, improper installation, abuse, misuse, vandalism or acts of God. Excluded from the warranty are points of welding inherent in the style of fence or otherwise requested by the purchaser. All claims for a breach of this warranty shall be submitted to GEMSTONE in writing describing the nature of the breach together with a photograph of the defective portion of the fence and a copy of the original installation agreement or invoice. GEMSTONE reserves the right to determine if the claim is valid. If the claim is valid, GEMSTONE shall, at its discretion, either repair or replace the defective portion of the fence. However, all removal, shipping, and reinstallation costs are the sole responsibility of the purchaser. The above set forth GEMSTONE's complete warranty and the remedies against GEMSTONE with respect to the fence.
